11-03-2020

Dear Sir,

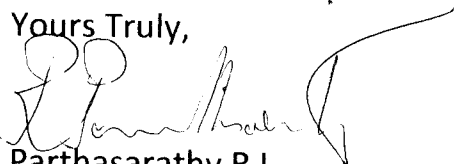

SUB: AREA of Flat

On going through the area statement submitted by you, I find there is a grave error in the area mentioned which is incorrect. The area of a flat cannot be different at different dates (between April 2012 and march 2020) for the same flat which needs serious thinking. I understand many members have got their area calculation wrong.

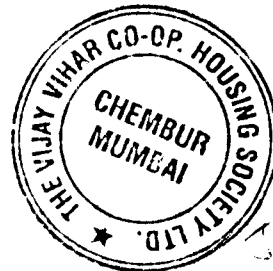

The Society office bearers need to be cautious in such matters and have to ensure that such serious errors are not made in future.

Even spelling of my name has been wrongly printed in the name board which was conveyed few months ago with no action taken till now.

Yours Truly,

  
Parthasarathy R I

Flat no.1-C/1
